

PRESCHOOL AND CHILDCARE Testimonials

My seven-year-old loves to read and often asks to stay up late to finish a book. My four-year-old can identify the colors and shapes, most of the letters, and can almost write his name. They developed their love for learning by attending preschool at the Medina County Career Center.

At the Career Center preschool, the teachers make learning fun. My oldest son, who is in first grade now, still talks about the friends he made and the things he did when was in preschool. My younger son, who currently attends the Career Center, always has a craft, a story, or a song to share when he gets home from school. My youngest, who will be two in June, attends the MCCC full-time preschool for infants and toddlers. He spends his days reading books, singing songs, and playing with other children his age. He always smiles and laughs when I ask him about his day at school.

I think the MCCC preschool program is outstanding. The instructors' well-structured lessons exceed all of my academic and social expectations for my children. I feel very fortunate that my children attended the MCCC preschool." - Sara B.

"My daughter loves going to the preschool at MCCC! I visited many other schools prior to choosing MCCC. Not only does it offer one-to-one teacher to student ratio, but it also gives your child the benefit of participating in classroom full of children. The facilities are clean and safe. The atmosphere from the staff provides a warm and friendly transition from infant to kindergartener. I highly recommend the MCCC." - Holly P.

"Brighter Futures for Preschoolers"

The **Medina County Career Center Preschool and Childcare** believes that each child is unique, proceeds through levels of development, and learns best when the activity matches his/her level of development.

Services include early childhood education, health, nutrition, social services, parent involvement, meals and field trips.

The Medina County Career Center offers half-day and full-day programs for infants, toddlers and preschoolers. Through a grant from the Ohio Department of Education, special consideration is given to low income families. There is a sliding scale of fees. For more information on the programs available for your child, please contact [Joan Walschon, Coordinator](#) at extension 306
